Material and sampling notes

Dimensions are proposed starting sizes. Each design requires physical sampling, material confirmation and fit checks before production. Decorative bowls and trays are for dry accessories. Vases use removable glass liners.

Catchalls

Whisper Husk Catchall

XV-BL-05 | piece

Three overlapping brass husks form a shallow triangular basin; small gemstone buds sit only at the central outer seam.

Lab-created blue spinel + brass

Proposed size: 240 × 150 × 45 mm

Bud Cove Catchall

XV-BL-06 | piece

A broad crescent brass dish curls around a short seed stalk carrying three closely nested gemstone cabochons.

Lab-created blue spinel + brass

Proposed size: 220 × 150 × 55 mm

Catchalls

Sprout Fold Catchall

XV-BL-07 | piece

A rectangular brass catchall lifts at two opposing corners, with a short gemstone-bearing sprout growing along one folded edge.

Lab-created blue spinel + brass

Proposed size: 240 × 160 × 40 mm

Petal Pocket Catchall

XV-BL-08 | piece

An asymmetric brass pouch opens into a broad basin, its rolled lip ending in two supported gemstone buds.

Lab-created blue spinel + brass

Proposed size: 200 × 170 × 55 mm

Catchalls

Jewel Eddy Catchall

XV-BL-09 | piece

A shallow circular brass dish has one broad spiral ridge that ends in a cluster of three small set stones.

Lab-created blue spinel + brass

Proposed size: 230 × 150 × 50 mm

Keepsake Boxes

Whorl Keepsake Box

XV-BL-03 | piece

A shallow brass whorl closes around a small cluster of blue seed-like jewels.

Lab-created blue spinel + brass

Proposed size: 140 x 110 x 70 mm

Bud Vault Box

XV-BL-10 | piece

A rounded rectangular brass box has a gently domed lid divided by a broad sculpted seed seam with three gemstone buds.

Lab-created blue spinel + brass

Proposed size: 150 × 110 × 90 mm

Keepsake Boxes

Husk Lantern Box

XV-BL-11 | piece

An upright oval brass keepsake box has four broad raised ribs and a lift-off lid with a cupped two-stone finial.

Lab-created blue spinel + brass

Proposed size: 120 × 120 × 120 mm

Petal Envelope Box

XV-BL-12 | piece

A low brass envelope-shaped box has an overlapping sculptural lid flap ending in a recessed gemstone seed.

Lab-created blue spinel + brass

Proposed size: 170 × 120 × 65 mm

Keepsake Boxes

Sprout Capsule Box

XV-BL-13 | piece

A short rounded capsule box stands on a flat brass foot; its offset lid grip is a broad blunt sprout around two small stones.

Lab-created blue spinel + brass

Proposed size: 180 × 100 × 85 mm

Bud Vases

Budstem Vase

XV-BL-14 | piece

A tall tapered brass vase has a broad front seed seam carrying three small gemstones; a removable glass liner holds stems.

Lab-created blue spinel + brass + glass liner

Proposed size: 210 mm high

Petal Throat Vase

XV-BL-15 | piece

A squat brass vessel opens through two unequal rolled petals around a glass liner, with stones nested low at their junction.

Lab-created blue spinel + brass + glass liner

Proposed size: 230 mm high

Bud Vases

Sprout Twin Vase

XV-BL-16 | piece

Two unequal glass-lined brass bud cups rise from a shared leaf-shaped foot; gemstone buds occupy the connecting low bridge.

Lab-created blue spinel + brass + glass liner

Proposed size: 200 mm high

Whorl Neck Vase

XV-BL-17 | piece

A broad brass spiral shell wraps a vertical glass tube, its outer descending ridge holding two small gemstone cabochons.

Lab-created blue spinel + brass + glass liner

Proposed size: 240 mm high

Bud Vases

Seed Ladder Vase

XV-BL-18 | piece

A glass-lined brass oval body has three broad horizontal husk bands stepped up one side, each ending in a small set stone.

Lab-created blue spinel + brass + glass liner

Proposed size: 220 mm high

Photo Frames

Sprout Photo Frame

XV-BL-04 | piece

A broad brass sprout crosses one corner, holding a graduated pair of blue stones.

Lab-created blue spinel + brass + glazing

Proposed size: For 100 x 150 mm photograph

Bud Arch Frame

XV-BL-19 | piece

A brass arch frame has an asymmetric broad seed-husk relief along the lower third with three small gemstone buds.

Lab-created blue spinel + brass + glazing

Proposed size: For 100 × 100 mm photo

Photo Frames

Petal Gate Frame

XV-BL-20 | piece

Two brass folded side rails open away from a rectangular photograph and end in rounded gemstone-bearing caps.

Lab-created blue spinel + brass + glazing

Proposed size: For 100 × 150 mm photo

Whorl Oval Frame

XV-BL-21 | piece

A thick oval brass frame has one broad spiral fold crossing its lower edge, ending in two recessed gemstone buds.

Lab-created blue spinel + brass + glazing

Proposed size: For 150 × 100 mm photo

Photo Frames

Seed Ribbon Frame

XV-BL-22 | piece

A landscape brass frame has a softly waved top rail and a lower metal ribbon with three widely spaced supported gemstones.

Lab-created blue spinel + brass + glazing

Proposed size: For 100 × 150 mm photo

Napkin Cuffs

Budline Napkin Cuffs

XV-BL-01 | set of 4

Two blue jewels nest inside curled seed husks on a smooth brass cuff.

Lab-created blue spinel + brass

Proposed size: 45 mm internal opening

Petal Wrap Cuffs

XV-BL-23 | set of 4

A wide brass napkin band divides into two overlapping rounded petals above the front, with one small gemstone in each protected fold.

Lab-created blue spinel + brass

Proposed size: 45 mm internal opening each

Napkin Cuffs

Sprout Crown Cuffs

XV-BL-24 | set of 4

A short broad three-lobed brass sprout rises from a smooth closed napkin ring and cups three small graduated gemstones.

Lab-created blue spinel + brass

Proposed size: 45 mm internal opening each

Whorl Seed Cuffs

XV-BL-25 | set of 4

A substantial spiral brass front surrounds one recessed oval gemstone while the smooth complete rear ring holds the napkin.

Lab-created blue spinel + brass

Proposed size: 45 mm internal opening each

Napkin Cuffs

Bud Bridge Cuffs

XV-BL-26 | set of 4

A low brass arch spans the front of a closed cuff, with two gemstones sheltered below its broad rounded ends.

Lab-created blue spinel + brass

Proposed size: 45 mm internal opening each

Table Mirrors

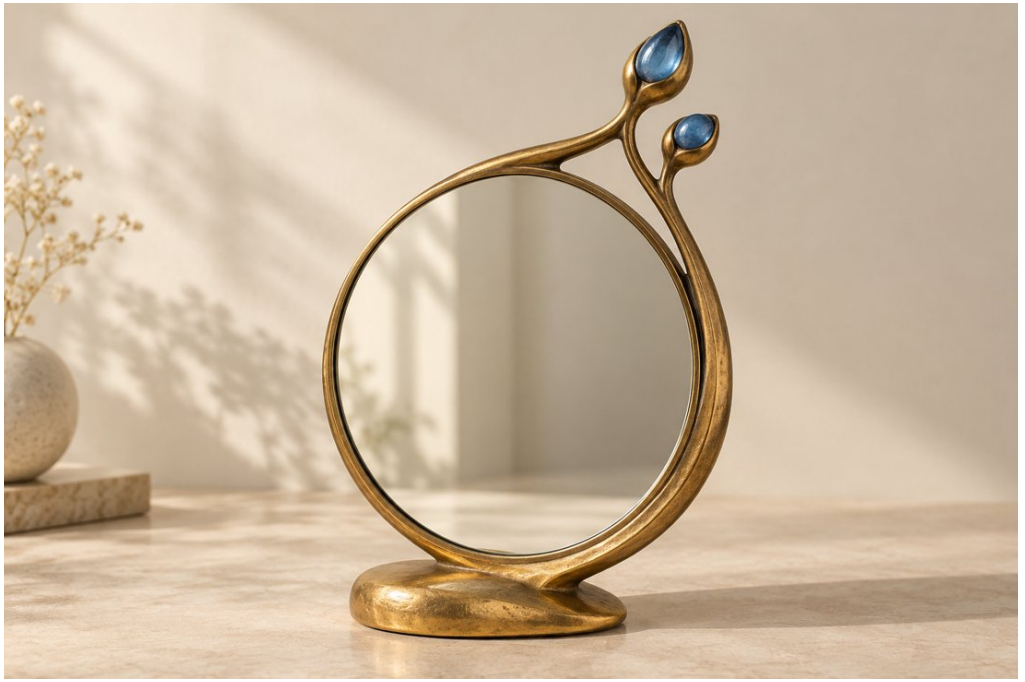

Petal Arc Mirror

XV-BL-02 | piece

Unequal brass husks cradle an oval mirror, meeting at three graduated jewels.

Lab-created blue spinel + brass + mirror

Proposed size: 290 mm overall height

Sprout Crest Mirror

XV-BL-27 | piece

A round mirror stands inside an asymmetric brass seed outline whose upper crest carries two small protected gemstone buds.

Lab-created blue spinel + brass + mirror

Proposed size: 300 mm overall height

Table Mirrors

Whorl Shield Mirror

XV-BL-28 | piece

A rounded rectangular mirror rests on a wide brass folded pocket with a short row of small gemstones at one lower corner.

Lab-created blue spinel + brass + mirror

Proposed size: 280 mm overall height

Bud Stem Mirror

XV-BL-29 | piece

An oval mirror sits above a short sculpted brass double stem; one small gemstone bud nestles in each stem's broad fork.

Lab-created blue spinel + brass + mirror

Proposed size: 300 mm overall height

Table Mirrors

Jewel Fan Mirror

XV-BL-30 | piece

A small round mirror rises from a low fan of four broad brass husks, with three gemstones seated along the outer base.

Lab-created blue spinel + brass + mirror

Proposed size: 310 mm overall height

Bookends

Budbank Bookends

XV-BL-31 | pair

A pair of broad brass leaf banks has vertical book walls and under-book feet, with three small gemstone buds in each outer recess.

Lab-created blue spinel + brass

Proposed size: 170 mm high each

Petal Gate Bookends

XV-BL-32 | pair

Two stout brass petal arches lean against structural book plates, with one gemstone cluster sheltered at each low junction.

Lab-created blue spinel + brass

Proposed size: 180 mm high each

Bookends

Sprout Terrace Bookends

XV-BL-33 | pair

A pair of staggered brass terraces carries short rounded gemstone-bearing sprouts on the outward faces, away from book contact.

Lab-created blue spinel + brass

Proposed size: 160 mm high each

Whorl Pillar Bookends

XV-BL-34 | pair

Two broad half-spiral brass pillars sit on continuous under-book feet, each ending in one protected oval gemstone at the lower outer edge.

Lab-created blue spinel + brass

Proposed size: 170 mm high each

Bookends

Seed Fold Bookends

XV-BL-35 | pair

A pair of angular folded brass book walls opens into rounded seed pockets, each holding two small cabochons above a flat base.

Lab-created blue spinel + brass

Proposed size: 180 mm high each

Cabinet Hardware

Budstem Cabinet Pulls

XV-BL-36 | pair

Continuous brass bridge pulls carry a broad sculpted stem on the face with two tiny gemstone buds at protected end shoulders.

Lab-created blue spinel + brass

Proposed size: 160 mm body length each

Petal Cap Knobs

XV-BL-37 | pair

A full brass knob has three broad cupped petals surrounding one small recessed gemstone, with a substantial brass stalk.

Lab-created blue spinel + brass

Proposed size: 40 mm wide each

Cabinet Hardware

Sprout Scoop Pull

XV-BL-38 | piece

A wide brass finger scoop has a short gemstone-set sprout on its outer ridge, leaving the grasping surface entirely metal.

Lab-created blue spinel + brass

Proposed size: 180 mm body length

Whorl Loop Pull

XV-BL-39 | piece

A continuous thick brass oval loop has a broad spiral fold on its upper side with two small stones inset into the fold.

Lab-created blue spinel + brass

Proposed size: 150 mm body length

Cabinet Hardware

Seed Bar Pull

XV-BL-40 | piece

A softly tapered brass bar has three small gemstone seeds nested in a recessed front channel and two stout mounting bosses.

Lab-created blue spinel + brass

Proposed size: 200 mm body length

Desk Accessories

Bud Grove Pen Cup

XV-BL-41 | piece

Three broad brass leaf walls enclose a usable pen cup, with gemstone buds nestled low between the outer walls.

Lab-created blue spinel + brass

Proposed size: 110 × 100 × 120 mm

Petal Divider Rack

XV-BL-42 | piece

A brass letter rack uses three asymmetrically folded petal dividers on a wide base with two small stone accents at the front.

Lab-created blue spinel + brass

Proposed size: 190 × 100 × 130 mm

Desk Accessories

Sprout Desk Tray

XV-BL-43 | piece

A long shallow brass organiser has a curved pen groove, a coin pocket and a broad gemstone-bearing sprout at the corner.

Lab-created blue spinel + brass

Proposed size: 230 × 160 × 90 mm

Whorl Pencil Dock

XV-BL-44 | piece

A tilted brass pencil cup and a low rectangular tray share one sculptural spiral base with a protected two-stone seed pocket.

Lab-created blue spinel + brass

Proposed size: 160 × 120 × 60 mm

Desk Accessories

Seed Arc Desk Caddy

XV-BL-45 | piece

Two brass compartments of unequal height meet beneath a broad metal carrying arch with three small gemstones at the base junction.

Lab-created blue spinel + brass

Proposed size: 250 × 160 × 140 mm

Card & Photo Stands

Bud Tip Card Stand

XV-BL-46 | piece

A stout brass seed stalk rises from a broad petal foot and supports a wide card slot above a single recessed gemstone.

Lab-created blue spinel + brass

Proposed size: 100 × 45 × 35 mm

Petal Fold Card Pair

XV-BL-47 | pair

Two small brass folded-petal bases each hold a blank card in a broad top slit, with one small gemstone at the fold.

Lab-created blue spinel + brass

Proposed size: 160 × 45 × 45 mm

Card & Photo Stands

Sprout Rail Photo Stand

XV-BL-48 | piece

A long low brass seed-husk rail has three separate card slots and a small gemstone cluster at one end.

Lab-created blue spinel + brass

Proposed size: 65 × 45 × 55 mm each

Whorl Window Card Stand

XV-BL-49 | piece

An open brass spiral frames an upright blank card supported by a lower metal ledge and decorated with two small stones.

Lab-created blue spinel + brass

Proposed size: 130 × 65 × 70 mm

Card & Photo Stands

Seed Pocket Card Stand

XV-BL-50 | piece

A rounded brass pocket grips the lower edge of one blank card; three small gemstones sit on its broad outward-facing lip.

Lab-created blue spinel + brass

Proposed size: 90 × 55 × 85 mm

Jewellery Organisers

Bud Grove Jewellery Stand

XV-BL-51 | piece

A stout brass branching stand has three blunt hook ends, each with a small gemstone inset below the tip, above a broad dish base.

Lab-created blue spinel + brass

Proposed size: 230 mm high

Petal Ring Nest

XV-BL-52 | piece

A rounded brass ring cone rises from three broad cupped petals, with gemstones set only in the outer petal junctions.

Lab-created blue spinel + brass

Proposed size: 120 × 100 × 70 mm

Jewellery Organisers

Sprout Bracelet Rest

XV-BL-53 | piece

A broad brass bracelet saddle has two sculptural seed shoulders carrying small recessed stones on the outer faces.

Lab-created blue spinel + brass

Proposed size: 180 × 100 × 110 mm

Whorl Earring Screen

XV-BL-54 | piece

A broad perforated brass oval panel stands in a curled seed-husk foot with a small gemstone cluster at one corner.

Lab-created blue spinel + brass

Proposed size: 220 mm high

Jewellery Organisers

Seed Watch Stand

XV-BL-55 | piece

A brass curved watch saddle sits above a low oval tray, with one gemstone seed in each of two stout side supports.

Lab-created blue spinel + brass

Proposed size: 160 × 120 × 130 mm

Vanity Trays

Bud Garland Vanity Tray

XV-BL-56 | piece

A rounded rectangular brass tray has a broad raised seed border and two low integrated end grips with small gemstone buds.

Lab-created blue spinel + brass

Proposed size: 320 × 180 × 45 mm

Petal Island Tray

XV-BL-57 | piece

An oval brass vanity tray has one sculptural petal peninsula extending into the basin, holding two stones above the dry surface.

Lab-created blue spinel + brass

Proposed size: 300 × 200 × 50 mm

Vanity Trays

Sprout Gallery Tray

XV-BL-58 | piece

A long narrow brass display tray has a flat floor and a broad sculpted sprout wrapping one short end with three small stones.

Lab-created blue spinel + brass

Proposed size: 320 × 170 × 45 mm

Whorl Handle Tray

XV-BL-59 | piece

A rounded triangular brass tray has one broad spiral handle with two protected gemstone seeds below the grip.

Lab-created blue spinel + brass

Proposed size: 290 × 210 × 50 mm

Vanity Trays

Seed Ribbon Vanity Tray

XV-BL-60 | piece

A flat brass vanity platform is enclosed by a low folded ribbon rim with three small stones on one outward-facing side.

Lab-created blue spinel + brass

Proposed size: 300 × 220 × 45 mm

Wall Accents

Bud Cluster Wall Accent

XV-BL-61 | piece

Five broad brass husks open from a low central relief, with small gemstone buds placed in supported recessed cups.

Lab-created blue spinel + brass

Proposed size: 340 mm overall height

Petal Current Wall Accent

XV-BL-62 | piece

Three unequal broad brass petals sweep horizontally across a backed wall plate, each with one recessed gemstone near its root.

Lab-created blue spinel + brass

Proposed size: 300 × 300 mm

Wall Accents

Sprout Portal Wall Accent

XV-BL-63 | piece

An asymmetric brass arch encloses a short stout three-branch sprout bearing three small gemstones.

Lab-created blue spinel + brass

Proposed size: 350 mm overall width

Whorl Seed Wall Accent

XV-BL-64 | piece

A broad shallow brass spiral holds a protected gemstone cluster inside its lower curl with concealed two-point mounting.

Lab-created blue spinel + brass

Proposed size: 320 mm overall height

Wall Accents

Jewel Meadow Wall Accent

XV-BL-65 | piece

A low horizontal brass relief of three rounded seed pods carries small stones within the open pods, all on one backing plate.

Lab-created blue spinel + brass

Proposed size: 360 mm overall height

Decorative Sculpture

Bud Awakening Sculpture

XV-BL-66 | piece

A large open brass seed husk stands in a broad metal cradle with three small lab-created stones cupped along its inner seam.

Lab-created blue spinel + brass

Proposed size: 230 mm overall height

Petal Passage Sculpture

XV-BL-67 | piece

Two unequal broad brass arches cross around an open central space, with two gemstone buds seated at their low junction.

Lab-created blue spinel + brass

Proposed size: 240 mm overall width

Decorative Sculpture

Sprout Rise Sculpture

XV-BL-68 | piece

A stout upward-curving brass sprout has three broad blunt lobes, each sheltering one small gemstone above a stable foot.

Lab-created blue spinel + brass

Proposed size: 280 mm overall height

Whorl Bloom Sculpture

XV-BL-69 | piece

A broad brass ribbon curls into a shallow open whorl with a supported cluster of small gemstones at its centre.

Lab-created blue spinel + brass

Proposed size: 220 mm overall width

Decorative Sculpture

Seed Balance Sculpture

XV-BL-70 | piece

Two broad unequal brass seed shells lean toward one another on a common plinth, with stones inset low in both shells.

Lab-created blue spinel + brass

Proposed size: 230 mm overall width

Bottle Displays

Budline Bottle Cradle

XV-BL-71 | piece

Two wide brass seed husks form a horizontal bottle cradle on a broad base, with small gemstone accents outside bottle contact.

Lab-created blue spinel + brass

Proposed size: 280 × 120 × 110 mm

Petal Saddle Bottle Rest

XV-BL-72 | piece

A continuous brass frame supports one bottle at body and neck with broad petal saddles and two protected gemstone buds.

Lab-created blue spinel + brass

Proposed size: 280 × 130 × 100 mm

Bottle Displays

Sprout Bottle Stand

XV-BL-73 | piece

An angled brass bottle support has a solid lower stop and a broad curved stem carrying gemstones only on the outward face.

Lab-created blue spinel + brass

Proposed size: 260 × 140 × 170 mm

Whorl Wine Rest

XV-BL-74 | piece

A broad spiral brass wall wraps partially around one horizontal bottle on a full base, with two small stones at the outer curl.

Lab-created blue spinel + brass

Proposed size: 280 × 130 × 100 mm

Bottle Displays

Seed Bridge Bottle Display

XV-BL-75 | piece

A horizontal brass bridge has two deep rounded bottle saddles and one protected gemstone pocket in the low connecting base.

Lab-created blue spinel + brass

Proposed size: 280 × 130 × 110 mm

Napkin Holders

Bud Fan Napkin Holder

XV-BL-76 | piece

Two broad brass seed fans enclose folded napkins, with gemstone buds set into their lower outer corners.

Lab-created blue spinel + brass

Proposed size: 170 × 70 × 110 mm

Petal Pocket Napkin Holder

XV-BL-77 | piece

A wide brass napkin pocket has a generous central finger opening and three small stones along its rolled outside lip.

Lab-created blue spinel + brass

Proposed size: 180 × 75 × 105 mm

Napkin Holders

Sprout Weight Napkin Tray

XV-BL-78 | piece

A flat brass napkin tray carries a broad removable sprout-shaped metal weight with two small recessed gemstones.

Lab-created blue spinel + brass

Proposed size: 180 × 180 × 55 mm

Whorl Arch Napkin Holder

XV-BL-79 | piece

Two stout brass half-spiral walls hold folded paper napkins above a continuous base and shelter gemstones at their roots.

Lab-created blue spinel + brass

Proposed size: 180 × 75 × 105 mm

Napkin Holders

Seed Gate Napkin Holder

XV-BL-80 | piece

Two smooth inner brass walls rise from one continuous base, with broad seed-husk relief outside and one gemstone in each low decorative pocket.

Lab-created blue spinel + brass

Proposed size: 170 × 75 × 110 mm

Tissue Covers

Bud Seam Tissue Cover

XV-BL-81 | piece

A rectangular brass tissue cover has one broad sculpted seed seam on a side and a smooth top slot with small gemstone accents outside.

Lab-created blue spinel + brass

Proposed size: 255 × 140 × 95 mm

Petal Fold Tissue Cover

XV-BL-82 | piece

A softly folded brass tissue shell has three large rounded corner planes and one protected gemstone cluster on a front corner.

Lab-created blue spinel + brass

Proposed size: 140 × 140 × 145 mm

Tissue Covers

Sprout Crest Tissue Cover

XV-BL-83 | piece

An oval brass tissue cover has a broad seed-husk ridge surrounding the top slot and two gemstones seated away from tissue contact.

Lab-created blue spinel + brass

Proposed size: 255 × 140 × 95 mm

Whorl Panel Tissue Cover

XV-BL-84 | piece

A rectangular brass tissue shell carries an asymmetric broad spiral relief on its front with three small set stones.

Lab-created blue spinel + brass

Proposed size: 255 × 140 × 105 mm

Tissue Covers

Seed Lattice Tissue Cover

XV-BL-85 | piece

Four wide brass ribs form a solid-backed tissue cover with flat supported gemstone cups at the lower rib junctions.

Lab-created blue spinel + brass

Proposed size: 145 × 145 × 145 mm

Vanity Accessories

Bud Collar Brush Cup

XV-BL-86 | piece

A tall oval brass brush cup has three broad folded outer panels with small gemstones gathered into a low collar.

Lab-created blue spinel + brass

Proposed size: 95 mm diameter × 125 mm high

Petal Lid Cotton Box

XV-BL-87 | piece

A round brass storage box has a broad overlapping-petal lift-off lid with a two-stone decorative centre below the grip.

Lab-created blue spinel + brass

Proposed size: 115 mm diameter × 90 mm high

Vanity Accessories

Sprout Vanity Duo

XV-BL-88 | set: 2 vessels + base

Two dry brass organiser cups share a low tray whose connecting sprout relief holds three small lab-created stones.

Lab-created blue spinel + brass

Proposed size: Cups 110 mm high; base 240 × 110 mm

Whorl Comb Stand

XV-BL-89 | piece

A broad perforated brass comb back rises from a curled base with one protected gemstone cluster along its lower side.

Lab-created blue spinel + brass

Proposed size: 160 × 70 × 60 mm

Vanity Accessories

Seed Step Perfume Riser

XV-BL-90 | piece

Two flat brass display platforms rise from a stout seed-husk spine with small stones inset into the front supporting wall.

Lab-created blue spinel + brass

Proposed size: 220 × 150 × 180 mm

Decorative Bowls

Budwell Decorative Bowl

XV-BL-91 | piece

Four broad brass husks open into a deep usable decorative bowl with three small gemstones nestled around one outer seam.

Lab-created blue spinel + brass

Proposed size: 240 mm overall width

Petal Crest Bowl

XV-BL-92 | piece

A low asymmetric brass bowl rises into one broad petal crest carrying two recessed gemstones on the exterior.

Lab-created blue spinel + brass

Proposed size: 220 mm diameter × 110 mm high

Decorative Bowls

Sprout Footed Bowl

XV-BL-93 | piece

A shallow brass bowl stands on three broad sprout feet joined by a low base, with a gemstone near each supported root.

Lab-created blue spinel + brass

Proposed size: 240 mm overall width

Whorl Rim Bowl

XV-BL-94 | piece

A deep brass bowl has a broad spiral rim ending in a sheltered three-stone seed pocket above a stable flat bottom.

Lab-created blue spinel + brass

Proposed size: 250 mm overall width

Decorative Bowls

Seed Chamber Bowl

XV-BL-95 | piece

A rounded triangular brass bowl has three deep lobes and gemstone seeds only within its protected outer corner folds.

Lab-created blue spinel + brass

Proposed size: 220 × 220 × 80 mm

Display Risers

Bud Gallery Riser

XV-BL-96 | piece

A flat oval brass display top rests on three broad seed-husk columns with a small gemstone at each lower junction.

Lab-created blue spinel + brass

Proposed size: 220 × 150 × 70 mm

Petal Bridge Display

XV-BL-97 | piece

A flat brass display platform spans two thick sculptural petal walls, each with a small recessed gemstone cluster.

Lab-created blue spinel + brass

Proposed size: 260 × 180 × 120 mm

Display Risers

Sprout Tier Display

XV-BL-98 | piece

Two unequal brass shelves rise from a broad double sprout spine with stones inset into its low supported front face.

Lab-created blue spinel + brass

Proposed size: 240 × 140 × 90 mm

Whorl Plinth Display

XV-BL-99 | piece

A round flat brass display top is carried by a thick open spiral pedestal, with two small gemstones inside the lower curl.

Lab-created blue spinel + brass

Proposed size: 220 × 160 × 110 mm

Display Risers

Seed Step Pedestal

XV-BL-100 | piece

Three broad brass display steps wrap a low central seed form whose outward face carries three supported gemstone buds.

Lab-created blue spinel + brass

Proposed size: 260 × 180 × 160 mm
